May 31, 2022

Dear Residents, Families and Friends,

As much as I wish I could tell you that Covid-19 has been banished from St. Joseph's Home, we are not there yet.

This letter is to inform you one of our staff members tested positive for COVID yesterday and is isolating at home.

Please know that the health and well-being of our Residents and employees is paramount. We are following the guidelines of the New Jersey Department of Health. Testing of all Residents and employees is done once a week. Unvaccinated and unboosted staff are tested twice a week. If there are any additional updates, we will let you know.

Family visits will continue with your loved ones. We encourage you to meet in the Coffee Shop or Auditorium. However, if your loved ones prefer to meet in their rooms, please wear a mask (not cloth) while going to and from their room, and keep their door shut during the visit.

Our dedicated staff and Little Sisters have been working tirelessly to make sure that your loved ones remain safe and healthy.

Thank you for your understanding and cooperation as we make decisions for the health and safety of our Residents and staff. We will continue to keep you updated with any new developments.

Please join me in praying that our efforts will bear fruit — and the coronavirus will be driven from our Home — very soon.

God Bless you always

Mother Mary Thomas, lsp
