Dear Residents, Families and Friends,

Greetings on another beautiful, sunny Tuesday.

I am writing to let you know that two of our staff members and one contract employee had breakthrough positive cases for Covid-19. We will be testing Residents and staff members today and tomorrow.

To give you an update on our Resident who had contracted Covid-19. They have recovered and finished their isolation period. The staff members who had contacted COVID earlier this month have all returned to work.

We continue to stay cautious when dealing with all things Covid-related. We remain optimistic, but vigilant in our policies and procedures in protecting our Residents, Staff, and Visitors.

When visiting the Home, we ask everyone to follow the guidelines:

- All visitors, regardless of their vaccination status, must be screened for fever and COVID-19 symptoms and/or exposure within the prior 14 days to another person with COVID-19. If a visitor has symptoms or has been in close contact with a confirmed positive case, they must reschedule their visit, regardless of their vaccination status.
- Most importantly, the wearing of a mask, proper handwashing and 6-foot social distancing at all times while in the Home.

We would appreciate if you could share the news with any family member that would like to come in so they all know what to expect upon arrival. Thank you for your understanding and your support throughout this difficult time for all.

We are so grateful for the support of your prayers. God will help us through these challenging times.

God Bless you always

Mother Mary Thomas, lsp
