August 11, 2022

Dear Residents, Families and Friends,

We are very grateful that the results of this week's COVID testing were negative for all the Residents and Little Sisters, but, unfortunately, another staff member has tested positive.

The staff member who tested positive had no direct caregiving responsibilities and so because of this, your loved ones will not be impacted at this time.

With the body well taken-care of, the heart and soul of each Resident — each person within our Home — is of greatest importance. On Wednesday, Father Fr. Frederick Miller, led a Residents Day of Prayer. It was a special day and I must say that I think Father enjoyed it as much as the Residents did. Today, Fr. Sean McDonnell administered the Sacrament of the Sick to all the Residents. This sacrament gives strength to the soul, God's graces just flooding the person with peace and strength.

It is great to see the Residents at Mass and enjoying socially distanced activities. Our fervent prayer is that we will be able to continue to progress in spite of the high positivity rate which challenges us and our employees who venture out into the community each day. We are practicing careful screening and doing all we can to keep everyone safe.

Please be assured of our prayers for you also, that you and your loved ones remain safe and healthy.

Again, thank you for your patience and understanding as we all work together to keep the Residents, Sisters and staff safe during this time.

Sincerely,

Mother Mary Thomas, lsp
