September 15, 2022

Dear Residents, Families and Friends,

Just a little update from our Home since September 1 regarding Covid-19 in our Home. God has been so good to us and we will never thank him enough for all the blessings, acts of kindness and love we witness every day.

Unfortunately, this week one of our contract staff members notified the Home that they tested positive for Covid-19. The employee is quarantining at home and will follow all recommendations of the Centers for Disease Control and the Department of Health before returning to work.

A very exciting event was held at our motherhouse in France. Mother General María del Monte Auxiliadora was re-elected to lead the Congregation for the next six years. In addition, a granite sculpture of St. Jeanne Jugan was just installed and blessed in the Valley of the Stains, a cultural and tourist site in Brittany composed of hundreds of statues of saints who influenced the early history and faith of this region.

Here at St. Joseph's Home, our Residents will be enjoying time outside when the Petting Zoo, with a number of small animals, visits on September 22. In addition, we will be celebrating the beginning of autumn with cider and donuts.

Just a reminder, that our Flu Vaccine and Booster Clinic will be held at the Home on September 27 for all Residents and Staff. Please be sure to complete and return the consent form that was previously sent to you.

As summer winds down and the days are getting shorter, the Little Sisters join me in sending you our best wishes

With God's many blessings,

Mother Mary Thomas, lsp
