Dear Residents, Families and Friends,

The Residents, Sisters and I are praying that you and your families are staying healthy and safe.

Unfortunately, this week one staff member tested positive outside the Home. We will continue weekly testing until further notice.

This past week, we held a vaccine clinic for all Residents and staff. Representatives from Walgreens came to the Home to administer the flu vaccine and new COVID booster to all who registered.

The Residents thoroughly enjoyed the petting zoo this past Thursday. They were able to hold lion bunnies and feed Frank, the llama and the two sheep and two goats. It was a beautiful day for all, and we celebrated with donuts and apple cider on the patio.

Once again, thank you for all you do to support us as we continue our efforts to give the best care possible to your loved ones. Wearing masks, social distancing, washing our hands or using hand sanitizer, getting screened at the front door before entering...all of these are still very much part of the program here at St. Joseph's Home for the Elderly as we continue to try hard to keep Covid out!

Thank you for your prayers as we continue forward, and know that we also pray for you.

Sincerely,

Mother Mary Thomas, lsp
