November 4, 2022

Dear Residents, Families and Friends,

It's been a busy few weeks here at the Little Sisters. I hope you are staying healthy and are enjoying the fall days!

We are happy to welcome a Little Sister from our home in Philadelphia, PA. Her name is Sr. Mary Grace. If you see her around, please say "hi."

Our Residents enjoyed celebrating Oktoberfest with German Food and Beer. Every other week Sr. Cecilia holds a special spiritual group called Eucharistic Revival, which is very well received by our Residents.

A Mass of Remembrance will be held on November 5 honoring all our Residents who passed away from November 2020 to November 2022.

On Saturday, November 19, we will hold our Annual Christmas Craft and Bake Sale in the Auditorium. At that time, we will also be accepting donations of turkeys and hams. All visitors must follow our Covid precautions by wearing masks and socially distancing. The Residents will have an opportunity to visit the Fair on Sunday coming down one floor at a time.

The other news is that we have had 2 positive Covid-19 cases in the House. We've been testing negative for a while and were very happy about it, until yesterday. The Residents are safe and healthy though!

We continue to stringently follow our infection control procedures and provide additional training for staff as needed.

Thank you for all your support and prayers. Wishing you a wonderful week and I will talk to you soon.

Sincerely,

Mother Mary Thomas, lsp
