December 15, 2022

Dear Residents, Families, and Friends,

Hope this finds all of you staying healthy and well!

As we enter this last week of Advent, we are excited to celebrate the birth of our Lord Jesus Christ. His birth gives true meaning to all we have and all we do for each other. The love that he show us is boundless and never ending. He gives us his mercy and strength in so many ways.

Since the holidays are fast approaching, we thought it was time to give another update on COVID-19.

As everyone probably knows (and is tired of hearing) we are now dealing with a triple threat of the flu, RSV and of course, the ever present COVID-19 viruses. We are happy to say that the majority of our Residents received their flu shot and/or the booster which we hope will help to ward off these viruses and the serious effects they could suffer from them.

We continue to be vigilant regarding Infection Control Practices; keeping our Residents healthy is the top priority. For the safety of all, we encourage everyone to be vaccinated, wear masks, and wash your hands frequently. We also ask that if you are not feeling well to refrain from visiting until you feel better.

Thanks be to God all our Residents remain Covid free and healthy. Unfortunately, several community members tested positive for COVID this week and are now resting and recuperating.

The Little Sisters join me in wishing you many blessings during this season of Advent and we ask for your prayers as we all await the birth of the Christ Child.

God Bless you always

Mother Mary Thomas, lsp
